

Invertebrate definitions

Define

| | |
|-------------------------|--|
| ampullae | |
| articulate brachiopod | |
| benthic | |
| brachial valve | |
| calyx | |
| carapace | |
| cephalon | |
| chitin | |
| coprolite | |
| corallite | |
| exoskeleton | |
| flagella | |
| inarticulate brachiopod | |
| index fossil | |
| lophophore | |
| medusa | |
| nematocysts | |
| operculum | |
| osculum | |
| pedicle | |
| pedicle valve | |
| pelagic | |
| planktonic | |
| plueral lobe | |
| podia | |
| polyp | |
| pygidium | |
| rugose | |
| septa | |
| sessile | |
| siphuncle | |
| spiclude | |
| spongin | |
| stromatolite | |
| sutures | |
| theca | |
| trace fossil | |
| vascular system | |
| zoecium | |

Vertebrate definitions

Define

| | |
|----------------|--|
| bipedal | |
| cartilageneous | |
| coprolite | |
| cranial crest | |
| dorsal fin | |
| ectothermic | |
| hadrosaur | |
| herbivore | |
| pectoral fin | |
| quadruped | |
| scutes | |
| tetrapod | |
